The Tucumcari Printing Co. Inc.
J. M. ALVEY, Pres. S. M. WHARTON, Sec-Treas.
Official Paper of Quay County and
City of Tucumcari.
Subscription, \$1.00 the Year

Entered as second-class matter October 30, 1905 at the post office at Tucumcari, New Mexico under act of Congress of March 3, 1879.

S. M. WHARTON, Editor.

Notice to Advertisers.

Everything in the advertising line will be charged by the week in this paper after January 1st, 1907. Display ads. will be the same as all ads. have been heretofore that changed weekly. The price is 15 cts. an inch—local liners 1 ct. a word.

Tucumcari is growing faster than any town in New Mexico and the reason of this is that we have the best agricultural and stock country in the territory.

The city council had strenuous times this week for several days disposing of petition for a water works franchise. They held session Tuesday all day and until Wednesday 3 A. M.

The very thing Tucumcari has needed since the town was started is water works and now this paper is informed this essential is in easy reach. Two different companies are offering to put in the system and have the money to do it as soon as the franchise is awarded.

Our exchanges are talking about the sweet graduate and the June bride, except our Nara Visa contemporary, the New Mexican, whose editor is still playing ball with the Tucumcari team. His bile ducts are not working very well, evidently, as he writes green about the treatment accorded the Nara Visa team. This is the first time in the history of ball playing that we have ever seen the bat

changed into a hammer for the purpose of knocking a whole community because a big mouthed first baseman gets licked for abusing and cursing a small boy in the presence of women and children. O, rats, sonny, you must have jaundice.

The Campbell system of dry farming had a muddy existence in Quay county during the first half of June. Still that does not injure the theory. And, there may be a time when it will be of use to those who are energetic enough to use it.

The Forth of July celebration seems to have gone by default. After two or three unsuccessful attempts to get a committee together to decide on plans for that occasion the matter was dropped. The business people of the city were pretty well divided on the subject and those not taking kindly to the idea, urging the necessity of a fall fair and carnival at which time it is considered advisable to collect an agricultural exhibit and spend some money in advertising the city and county. A Fourth celebration with barbecue would cost about \$1,000.00, that is if we should prepare for any number of visitors. This amount of money properly expended of course will go a long way towards getting up a creditable fair and carnival this fall, and if the effort begins early enough every farmer in the county can be interested in it. This certainly will accomplish a great deal of good and Tucumcari should get behind the move at once. On the other hand a creditable Fourth of July celebration is a good advertiser and probably worth all it would cost. Nearly every growing town in New Mexico is going to have a celebration. The News would like to see a good one here.

The Tucumcari News came out on May 25, with a special edition of 28 pages. Every page, except two editorial pages, contain several exceptionally well printed half-tone illustrations. It is printed on a heavy calendared paper, and the resources of Tucumcari and Quay county are detailed in a careful and elaborate manner. The edition can not fail of being immensely valuable to Tucumcari and the county at large.—Texico Trumpet.

The fellow who has been kicking for more roads will be pleased to learn that the county commissioners have proclaimed every section line in the county a public highway and that a lawful road is 60 feet. Now listen for a howl from some fellow who is going to protest the appropriation of 30 feet across his homestead.

The Tucumcari News issued a handsome edition on May 25 descriptive of that section of the Territory of which Tucumcari is the center. The edition was handsomely illustrated and replete with facts and figures.—Silver City Independent.

The Dalhart Enterprise is a new publication just out with the first issue. It is a twice-a-week paper and is a very creditable one. The News congratulates the publishers on the effort in its first issue and believes the future will bring them success.

S. E. Pelphrey, the contractor erecting the roundhouse and shops for the Southwestern Ry. Co., returned Monday from a trip down the line and is hurrying preparations for the beginning of the work on the new buildings. He is just finishing improvements at Cloudcroft and will bring many of the laborers engaged there to this place

TUCUMCARI, NEW MEXICO

Local and Personal

L. Chernice of St. Louis, selling Beaver hats, was a business visitor Tuesday.

The J. C. Jones building is assuming shape. The rock work will be completed this week.

John Quinliven, an Alamogordo contractor, is here for the purpose of bidding on a number of contracts. F. M. Oakley, with the Western Newspaper Union, out of Denver, was here Tuesday looking for trade.

G. C. Bacus of Denver, Colo., representing R. G. Dunn & Co., was among our business people Tuesday.

J. A. Street, the sheriff, is building on the Daub addition. C. H. Young is the contractor. The building is a ten-room residence.

The building site for the Simpson & Campbell two story stone block is being cleared in preparation to begin work on the new building.

John T. Bramhall, advertising agent for the Chicago, Rock Island & Pacific Ry. Co., railroad and resort literature, was in town Monday looking for data for use in railway folders.

Dr. H. D. Nichols has four new cottages ready for the finishing touches. These are houses that have cost anywhere from \$1,000 to \$1200 and are very desirable properties. They are located on Second street four blocks out from the First National Bank. Colvin is the Contractor.

Chas. L. McCrae of Clarendon Texas, has been here several days for the purpose of investing in real estate. He has purchased six lots and has let contracts for well and building for a steam laundry. The laundry will cost him about \$10,000. We are informed that T. S. Egerton made the sale of the property that he purchased.

Mrs. S. M. Wharton and the children are spending a week at

Endee visiting W. M. Wharton and family.

Emanuel Mendelson has gone to Hot Springs, Ark., to take the baths for rheumatism.

The Sunday School of the Presbyterian Church, will hold their Children's Day exercises next Sunday morning at 11:15. Everyone cordially invited.

Mrs. J. M. Alvey went to Dawson Wednesday with her son-in-law Felix Perry, for a few days visit with her daughter and other relatives at that place.

The band instruments have arrived and the boys are at work, preparing for the summer and fall seasons. The instruments are the very best to be had and well selected for a strong band.

Gross Kelly & Co., bought the first wool of the season coming in to this market Thursday morning. This is early but Juan Mestas who lives west of the city about ten miles always gets his clip in ahead of the rest of the growers of the county.

Articles of incorporation of the Montoya Trust & Savings bank are published in this week's Tucumcari News. This enterprise is certainly starting out with very bright prospects. The incorporators are Chas. H. Kohn, Howard L. Kohn, Geo. W. Kohn, all of Montoya, and W. F. Buchanan, president of the first national bank of this city; W. H. Fuqua, president of the first national of Amarillo, Texas and C. C. Davidson, the well known attorney of this city. We do not see how it would be possible to have better booking than this new institution has.

The ice factory was just getting under way this week when the water tank was destroyed by a wind storm. The difficulty will be overcome in a few days when the industry will again be under headway.

THE BARGAIN CORNER!

Ice Cream in Ten Minutes.

That's what you can have if you will use one of our Frigid Freezers, and you will have to use only one-half the amount of ice you would with the ordinary kind of freezers.

Frigid Freezers have a triple motion, the can moves in one direction and the outside beater in the can moves in an opposite direction, and the inside beater moving in an opposite direction from that of the outside.

Cans are made of the best quality tin plate; beaters are of malleable iron and heavily tinned; all castings are galvanized to prevent rusting. Tubs are second growth white pine, and are thoroughly saturated with paraffine and other chemicals that render them proof against the action of ice, salt and water.

If you want an ice cream freezer that saves time, ice, labor worry and money, buy a Frigid Freezer.

We have them in all sizes from a two quart up. They will cost you no more than the ordinary freezers.
